

This is the father of the female who went to the solidarity auction at Gploft.

This cock is the grandson of my Van Loon who came from the Supra's Loft.

Since I acquired this line of pigeons I have won some championships. In the first year that I started to send these pigeons, I immediately won the youngsters District Short Distance South Zone.

I won the District Short Distance Gold Ring, the youngster Club Speed Gold Ring.

This was the first crack that I had the cocks' daughter at 262 was in 8th National of youngsters.

In these last years I was Vice-champion District of Short distance, I was Vice-champion of Middle distance south Region, many first prizes and many award rings.

In these last two years, in 2018 District long distance Champion, South Zone Champion, Long distance Block Champion.

In the club, I was Champion of Long distance, 3rd in the Overall (to 25 points of the first).

In the 2019 campaign, Two-time District Long distance Champion, Two-time Zone South Long distance Champion, Two-time Long distance Block Champion, Bronze Ring South Zone Long distance, Silver Ring Long distance Block.

In the club, Overall Champion, Champion of Long distance, 2nd Middel distance, 4th in Short distance, Golden Ring of Long distance.

The first time I sent a Silvino to Long distance (it was Valencia), it was the worst I had in the loft and I won the 2nd one (it was in 2017). I didn't rule because they scored well in the small tests. So it was, I started sending them in 2018 and in 11 Long distance races they won the first 10 in the club and scored 36 times in the first ten.

90% of my colony is based of this line of pigeons, the "Silvininhos".
